of management systems and business
improvement training

Bywater

Training with Bywater

Welcome to Bywater's programme of professional training for those wishing to learn about improving process efficiency with Lean and Six Sigma – for less waste, lower costs and improved customer satisfaction.

What are Lean and Six Sigma?

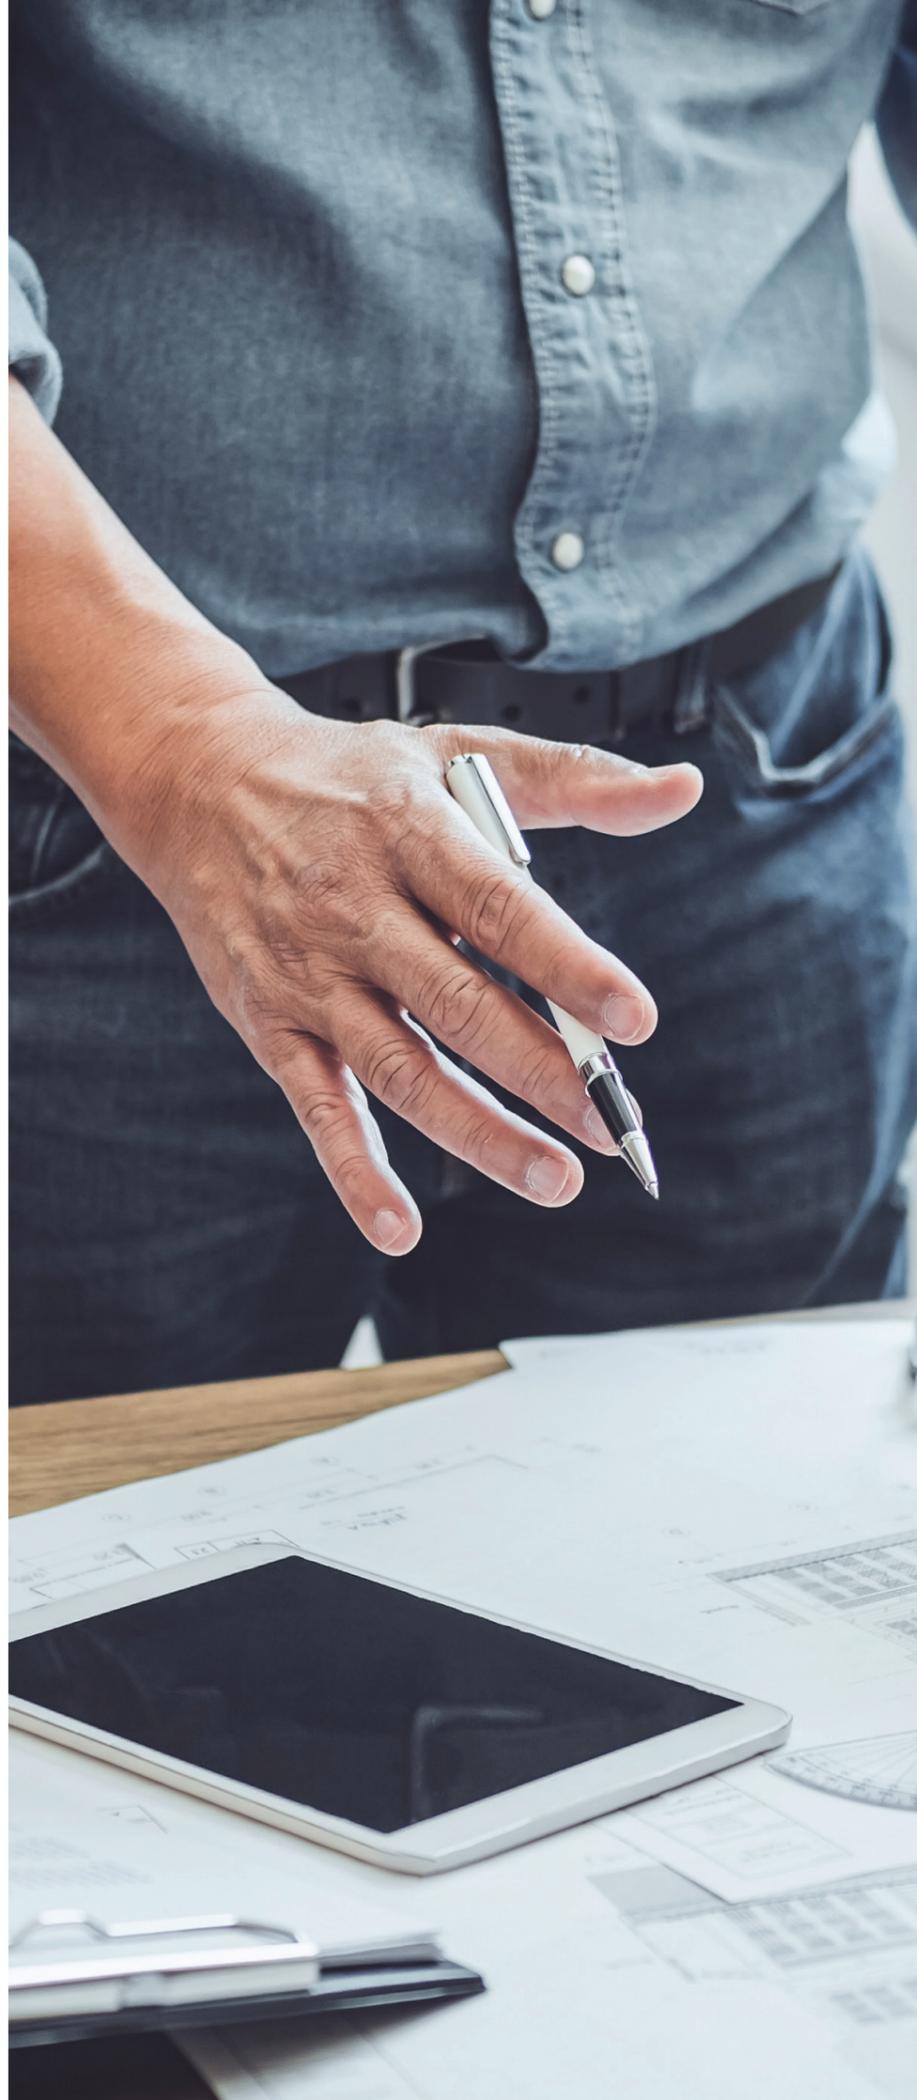

Lean and Six Sigma offer strategies, tools and techniques to help you continually improve business processes within your organisation.

By 'thinking Lean', you can cut waste and reduce costs while increasing customer value.

Six Sigma gives you the skills and tools to improve processes through error reduction and greater efficiency, to increase both productivity and customer satisfaction.

Which course is right for you?

Our comprehensive programme of Lean and Six Sigma training supports you on your journey from first introduction to expert practitioner and team leader. Our courses include the option to become certified in Six Sigma skills.

Lean

Expand your Lean skills or learn about supporting tools and approaches with courses to suit your requirements.

1 Basics

New to Lean?

[Lean Basics | 1 day](#)

Join this introductory course to find out what Lean is, the benefits it offers, and the implications of its implementation.

[Lean Practitioner | 3 days](#)

Gain a more in-depth knowledge of the tools and techniques involved in applying Lean on this longer introductory course.

2 Advanced

Ready for more?

[Lean Leader | 2 days](#)

Build on your Lean knowledge to learn practical skills for projects. Book this course with the Lean Practitioner training course for a full learning experience.

3 Visualisation

Like more clarity?

[Value Stream Mapping | 1 day](#)

Improve understanding of your business processes by visualising the flow of information and services across your organisation needed to go to market.

4 Application

Delivering improvement tools

[5S | 1 day](#)

Learn how utilising the toolset of the 5S process improvement approach helps to improve efficiency in processes and tasks by removing 'wastes'.

5 Philosophy

Embracing the organisation

[Kaizan and 5S | 1 day](#)

Discover how the Kaizen culture supports employee motivation, customer focus and productivity, featuring tools such as 5S.

Six Sigma

From early understanding at Yellow Belt to advanced practitioner at Black Belt, train at a speed that suits you.

1 Basics

Ready to start?

[Lean Six Sigma Yellow Belt | 2 days](#)

Gain fundamental understanding about Six Sigma methodologies and tools on this introductory Six Sigma training course.

2 Intermediate

Like more knowledge?

[Lean Six Sigma Green Belt | 5 days](#)

Combine the Yellow Belt introduction with more in-depth learning to enable you to start taking part in Six Sigma projects at Green Level.

3 Advanced

Want to step up from Green to Black Belt?

[Six Sigma Green Belt to Black Belt | 5 days](#)

Upgrade your Six Sigma Green Belt knowledge to Black Belt standard to enhance your participation in Six Sigma projects.

From beginner to expert all in one course

[Six Sigma Black Belt | 10 days](#)

Combine Green Belt training with further advanced skills to travel from introduction to a leadership role on one comprehensive training course.

4 Certification

Looking for Green Belt or Black Belt RSS certification?

[RSS 18404 Six Sigma Green Belt Development Programme | 8 days](#)

Gain Green Belt knowledge as you prepare for ISO 18404 certification under the RSS 18404 Sector Scheme.

[RSS 18404 Six Sigma Black Belt Development Programme | 13 days](#)

Build on the Black Belt training programme to become a Certified Black Belt practitioner through the RSS 18404 Sector Scheme.

Course locations

Choose a training location to suit your needs. Join us at a public course in one of 15 venues across the UK, or opt for a dedicated course at a venue that suits you. We also offer live online training in our Virtual Classroom.

Wherever you decide, the training is live and fully interactive to help you make the most of your experience.

Our tutors

We only employ expert tutors who can bring their hands-on experience in the field to the classroom. Our tutors focus on sharing their knowledge in a supportive, inclusive and engaging way, ensuring that all delegates gain maximum benefit from their teaching and leave the course ready to use their new skills straight away.

What is an Approved Training Partner?

Bywater is proud to run Six Sigma courses that are approved by the RSS (Royal Statistical Society). The RSS owns the RSS 18404 Sector Scheme, which enables individuals and organisations to be certified against ISO 18404:2015, the standard that defines levels of competency for Lean and Six Sigma.

Bywater's Six Sigma Yellow Belt, Green Belt, Black Belt and associated Development Courses are all approved by the RSS.

I really enjoyed the interactive aspect of the course and working within teams to generate ideas

West Midlands Police

Bywater has worked with us to customise the course. We were impressed at the level of delegate engagement which was gained by a wide range of exercises, discussions and videos

Magnetic Shields Ltd

The tutor was absolutely amazing. He embodied LEAN and talked about it with such knowledge and experience it was a delight to work with him. He gave some very practical applications of the tools and techniques which we are going to incorporate into our approach now

NHS Arden and GEM Commissioning Support Unit
